70 graduate from private schools

First graduation held in Dolly Hand Center

BELLE GLADE—Two private schools held commencement ceremonies last week, graduating a total of 70 seniors.

Christian Day School was not only the first local school to hold its commencement exercises, it was also the first school to ever hold commencement in the new Dolly Hand Cultural Arts Center at Palm Beach Junior College.

Seventeen students graduated in the Thursday night exercises while between 200 and 300 people looked on.

The class valedictorian was Maria Del Pilar Figueiras, who also Achievement Awards in mathematics, Bible study and citizenship. Figueiras also received the Principal's Award from out-going Principal Arvin Bell.

Gloria King will be taking over the reins at Christian Day next fall.

Barry Schahn, a reverend and evangelist, delivered the senior challenge.

He called the United States a magnetic and multiethnic nation and challenged the graduating seniors not to "let it die."

The salutatory address was delivered by Gina Marie Williams who received the business achievement award.

The next night, Glades Day held its commencement ceremonies in its gymnasium in Dora B. McWhorter Hall.

Fifty-three students graduated in the ceremony.

Kelly Teets was the valedictorian. Three salutatorians were named: Ines Tomeu, Felissa Orduna and Jeff Smith.

Johannes Maarten Boers, a rotary exchange student from the Netherlands, was awarded a certificate of attendance at the ceremony.

Club use conforms to R-1

By JEFF BROWN

PAHOKEE—Hutton Properties intended use of the Pahokee Lion's Club building is conforms to the city zoning ordinance, according to the city attorney.

City Attorney Michael Stauder told the Pahokee City Council Tuesday, May 25, that the city code of ordinances does not specifically address private clubs such as Hutton Properties representatives claim they putting in the Lion's Club, so he had to research the zone which most closely describes that type of establishment.

A C-1 commercial zone is the only zone in which the Lion's Club, which owns the clubhouse located on Main Street, use it for meetings and special events and to serve meals. Hutton Properties, which is leasing the property, plans to continue that use after several improvements, J. Ray Hutton II told the council and audience.

However, the city cannot stop anyone from continuing the current use of an establishment, he added.

The Lion's Club, which owns the clubhouse located on Main Street, use it for meetings and special events and to serve meals. Hutton Properties, which is leasing the property, plans to continue that use after several improvements, J. Ray Hutton II told the council and audience.

Improvements to the club will include tennis courts, a swimming pool and improvements to the interior, according to Hutton.

Several citizens who live near the club had expressed concern and asked whether liquor will be served at the club.

Hutton said no liquor will be sold, but members who have lockers will be permitted to keep liquor in them.

Stauder said that can't be controlled by zoning just as people drinking in their own homes can't be controlled.

Hutton said the company is seeking to establish a private, family oriented club with recreational facilities.

He said a hedgehog fence will be placed on each side to separate the club from the private dwellings next to it.

"I think you ought to have a fence there," said Councilman William E. McKinstry.

"We don't think it will be necessary," said Hutton. "If it becomes necessary, we will do it."

Red Cross barbecue, fire-a-matics set

BELLE GLADE—The Second Annual Red Cross Barbecue and fire-a-matics competition will be held at the Belle Glade Marina Saturday.

This event is being sponsored by the Belle Glade paid fire department in conjunction with the American Red Cross.

Dr. Thomas J. Rostas, M.D., with Glades General Hospital is serving as chairman of this event.

Proceeds from the barbecue will be used to help secure a office for the American Red Cross in the Glades Area.

Last year \$2,500 was raised and Jerry Krinn, Red Cross disaster service director in West Palm Beach said "it's only a step in the right direction and we'll still probably a year away from opening a office out in the Glade."

"We hope to raise more money this year," he added.

Participating in the fire-a-matics competition will be the Belle Glade paid and volunteer firemen. Cleveland Fire Department, Pahokee Fire Department and the Glades General Emergency Rescue Team.

Bank of Pahokee celebrates

PAHOKEE—The Bank of Pahokee, Palm Beach County's oldest financial institution, is celebrating sixty years of continuous banking service this month.

Chartered in 1922 by a group of enterprising Pahokee farmers and businessmen as the first commercial bank for the Everglades Agricultural Area of Palm Beach County, the Bank of Pahokee has retained its "local" identity as a home-owned, home-operated independent bank. Offices are located in Pahokee and Belle Glade.

"The Bank of Pahokee is proud of a sixty-year tradition of locally owned and operated banking and we take this opportunity at this important milestone to rededicate ourselves to continuing this tradition of service," commented Julius T. Moon, President and Chairman of the Board.

The Bank of Pahokee has brought many new banking innovations to the service area including automated

teller service offering customers 24-hour full-time service. Shortly after the Florida Legislature allowed inner-county branch banking, the Bank of Pahokee opened new offices in Belle Glade.

The local tradition established by the founders has been continued and is reflected in the present Board of Directors. Members of the board include Mr. Moon, Chairman, Martha M. McIntosh, H. Kenneth McIntosh, Sidney A. Stubbs, Jr., J.W. Crowe, Jr., Lewis Friend, S.C. Pate and W. Rupert Mock, Jr.

Recognizing the need for a local bank to serve the developing Everglades Agricultural Area in the early 1920's, original stockholders Dr. D.S. Spooner, Ira York, Homer Vivian, R.W. Windham and D.E. Austin organized the Bank of Pahokee and obtained the charter on May 17, 1922.

The bank opened its doors for business with a staff of four at a location

Resident files

complaint with feds

BELLE GLADE—A Belle Glade resident has filed a complaint with the federal Office of Revenue Sharing alleging that federal funds had been used by the city in a discriminatory manner.

Mayor Thomas L. Altman, who was notified of the complaint May 17, responded that the allegations were "categorically and patently untrue."

According to a registered letter the city received from Director Michael F. Hill of the Office of Revenue Sharing, Willie Joe Davis claimed that the city discriminates against the black community by failing to provide municipal services and recreational facilities equal to those provided the rest of the city.

The complaint alleged that 95 percent of the streets in the black community are unpaved and lack street lights, sidewalks, curbs, and sewage and storm drains.

tion just one block west of the bank's present Pahokee office with a capital fund of \$15,000. (Today's capital is in excess of \$4 million.)

During the Great Depression, only the

Bank of Pahokee among all Palm Beach County banks kept its doors open, due, according to news reports of the day, to the confidence in the bank by its local depositors.

Surviving the Great

Depression, the Bank of Pahokee continued to build on its already established reputation as a farmer's and merchant's bank dedicated to providing for the financial needs of the area's agricultural economy.

Agricultural lending was and continues to day as the bank's primary interest.

The Bank of Pahokee grew with the agricultural area by providing banking to pioneer bean growers who pushed back the dense undergrowth and custard apple trees along the southeastern edge of Lake Okechobee clearing new farmland.

The bank played an important role as bean growing gave way to cattle and vegetables including newly developed Florida celery, leaf vegetables and famous "Fresh Florida Sweet Corn" for the winter vegetable tastes of the cold northeast.

Under the leadership of the bank's fourth president, the late Harry K. McIntosh

Sr., the Bank of Pahokee earned a reputation for catering to the specialized agricultural banking needs important to the development of the rich mucklands economy.

A new, completely air conditioned home office for the Bank of Pahokee was opened at 104 South Lake Avenue, Pahokee, on May 30, 1949.

The changing agricultural emphasis through the late 1950's that led to the development of sugar cane as Palm Beach County's leading money crop was met by the bank with McIntosh's sudden death in 1961, the Bank of Pahokee had already become firmly entrenched as an integral part of the local financial community as well as gaining countywide recognition for sound financial management.

The McIntosh family continues in a leader-

ship role in the bank as members of the Board of Directors.

Veteran officer Rupert Mock Sr. became the fifth president of the bank in 1962. The bank posted assets exceeding \$10 million for the first time in 1962.

When the Florida Legislature approved countywide branch banking for Florida, the Belle Glade Branch of the Bank of Pahokee was opened at 800 South Main Street in a permanent new modern building offering full services to the bank's Belle Glade customers.

Mr. Moon, a LaBelle, Florida native who joined the bank in 1947 and was a member of its board for 17 years, became president in June of 1979. Mr. Mock, who celebrated his 50th anniversary of banking in Palm Beach County, continued as board chairman until April 1981, when he retired.

Automated 24-hour banking services at both locations was introduced to Bank of Pahokee customers in

the fall of 1981. For the first time, Bank of Pahokee customers could obtain cash and other banking services with "The Connection", a fully-automated customer-controlled access to personal checking and savings accounts.

Early this year, the Bank of Pahokee expanded its agricultural lending capabilities with the creation of a new Agricultural Lending Department.

Officers include in addition to Mr. Moon: Norman H. Mueller,

Senior Vice President and Cashier; Theodore Gallo, III, Vice President and Agricultural Lending Specialist; H. Kenneth McIntosh, Vice President; W. Rupert Mock, Jr., Vice President; Martha M. McIntosh, Assistant Vice President; Frank E. Gillis, Assistant Vice President and Auditor; Dale W. Morris, Assistant Vice President; Jeanelle Meredith, Assistant Vice President.

Hilda Edmondson, Mary M. Pitts and Naomi E. Sanders, are

Administrative Assistants; Dorothy R. Fletcher and Sara J. Phillips, Assistant Cashiers.

The Bank of Pahokee listed assets in excess of \$31.8 million at the close of 1981.

The bank's two offices are open from 9:30 a.m. to 3 p.m. Monday through Thursday; 9:30 a.m. to 5:30 p.m. on Fridays and the drive-in tellers at both locations are open Saturdays 9:30 a.m. to 12:30 p.m. from October through May.

Thin Line Center holds open house

BELLE GLADE - The Thin Line Center of West Palm Beach, a medically supervised weight reduction program, will hold an Open House on Thursday, June 3, at the Elks Club, 300 S.E. Avenue E. The Open House will begin at 7:30 p.m.

The Thin Line Center Florida office is located at 2247 Palm Beach Lakes Blvd., Suite 209, West Palm Beach. According to Sharon Edelman, Co-Director of the Center, an announcement will be made at the Open House of the opening of a Belle Glade "Annex" which will offer Glades residents an opportunity to participate in the program without having to travel to West Palm Beach three times a week.

According to Ms. Edelman, clients at TLC tend to lose approximately 30-35 pounds the first four to six weeks and 10 pounds thereafter. Ms. Edelman stresses the fact that clients do not take pills, injections, or pre-packaged sup-

plements. Prospective clients are screened physiologically and psychologically before final acceptance into the program and are monitored three times a week.

Ms. Edelman said unique facet of the Thin Line Center Program are the weekly interaction group sessions which are extremely helpful in teaching clients to deal with the problems which led to overeating. A retraining of habits and thinking patterns is emphasized.

According to Ms. Edelman, "We offer personalized attention and emotional support from 'day one'. Our staff has been carefully selected. It takes a very caring individual to fully understand the problems faced by overweight people."

Ms. Edelman has been involved in the weight reduction field for 12 years, first as Co-Ordinating Manager of Lean Line, Inc., and more recently as Executive Coordinator of Thin Life Centers.

She was responsible for setting up and coordinating the function of five of the 15 Centers currently operating in the Northeast. She has been personally trained by internationally acclaimed professionals including Arnold Lazarus, Ph.D., director of the Multimodal Therapy Institute, Princeton, New Jersey and Hans Fisher, Ph.D., Chairman of the Nutrition Department, Rutgers University.

Both Drs. Lazarus and Fisher serve as advisors to Thin Life Centers, Inc.

Anyone interested in learning about the Thin Life Program may reserve a spot at the Open House by calling the Thin Life Center West Palm Beach office at 689-THIN (689-8448).

Some of the local residents who attended the Thin Life Center include Cathy Lee (90 lbs. off), Charida Sizemore (47 lbs. off), Johanna Jackson (38 lbs. off), Melanie Swager (96 lbs. off), Karen Corbin (95 lbs. off), and "Mutt" Wilson (57 lbs. off).

Airman trains in Korea

Navy Airman Anthony A. Jones, son of Arthur L. Jones of 601 SW 14th St., Belle Glade, recently returned to Yokosuka, Japan, after participating in exercise "Team Spirit 82" in the Republic of Korea.

He is a crewmember aboard the aircraft carrier USS Midway, homeported in Yokosuka.

"Team Spirit 82" was a joint exercise in-

volving military forces from the United States and the Republic of Korea. More than 160,000 personnel and 31 U.S. 7th Fleet ships were involved in the monthlong exercise.

After three weeks of training, "Team Spirit" culminated in a major amphibious assault exercise. Land, sea and air forces from both nations executed a three-pronged attack that included a surface

assault, a helicopterborne vertical envelopment and an airborne parachute to seize, occupy and defend exercise objectives.

The Midway is 1,001 feet long and carries a crew of 2,615, plus an additional 1,800 men assigned to the embarked air wing.

A 1978 graduate of Glades Central High School, Jones joined the Navy in August 1980.

In other business, the city received a check for \$21,007 in returned premiums from the Milton Carpenter Insurance Agency.

A representative of the company explained that the city had paid a premium of \$57,210, but had helped reduce its rates and earned a 37 percent discount.

The council also approved a resolution which wrote \$11,884 in uncollectible utility accounts of the books.

Some of the accounts dated back to 1967. The city can keep the accounts on file in case any of the delinquent customers move back to the city, according to City Clerk Betty J. McCoy.

The city council also passed an ordinance on first reading restricting junkyards in the city.

Other action included:

- Allowing a paid legal service company to take payroll deductions from city employees who sign-up for the plan.

- Taking no action of the status of the public works director. Public Works Director Donnie Martin resigned at the end of last week due to health reasons. He had been with the city for four years.

Assistant Public Works Director Richard Mount has been serving as Public Works Director since the beginning of the week.

Mount had been with the city for 13 months.

It also claims that fire protection provided to the black community is not on a par with the level provided the rest of the city.

"Each and every of the allegations are categorically and patently untrue not only as relates to revenue sharing funds, but as to all expenditures of the municipal funds from whatever source," Altman responded in a letter to the office. "The falsity of the allegations is apparent to anyone who will take the trouble to take a cursory view of this community."

Perspective

Good luck to the Class of '82

Every graduating high school class has its own set of problems and opportunities. This year's Class of 1982, and other classes, are facing a world of challenges. The graduates are faced with a world that is never known, and they must find their way through it. They must find their own path, and they must find their own way to success.

Despite the problems, we continue to believe that there is a will there is a way. America may be a land of problems, but it is also a land of opportunity. There is no substitute for the work ethic. Setting goals and working hard towards those goals is the best way to get somewhere. Members of the Class of 1982 have the luxury of youth and energy. Older people will admit there is no substitute for either.

Graduates can continue their education or go right to work. There really are no other other alternatives. Members of the Class of 1982, you can go as far as your abilities will take you. Congratulations on completing a very important milestone in your life. Those of us already working in the adult world welcome an infusion of educated, logical minds. We need all the help we can get. Welcome to our world.

Good advice for us all. The Class of 1982, you can go as far as your abilities will take you. Congratulations on completing a very important milestone in your life. Those of us already working in the adult world welcome an infusion of educated, logical minds. We need all the help we can get. Welcome to our world.

Changes

I first saw him in early 1969. He was about five years old, little, skinny and not feeling too well. The place was Vietnam. He didn't speak a word of English, had never heard of Roy Rogers, and had never ridden in an airplane, much less a car. He had heard and seen the sounds of war, though he didn't understand them. They were just a part of daily life. Now let's jump forward about 13 years. The place is southern Florida, the south shore of Lake Okeechobee, an area not all that different climatically from where he was born. Everything else is vastly different, however, but then, so is he. The young boy is now 18, stands 6 foot 1 (an amazing height for anyone from Vietnam), speaks fluent English, and is all set to graduate from high school.

He drives a car, enjoys rock 'n' roll music, has a Tampa Bay Buccaneers cheerleader poster in his room, and has been accepted by the University of South Florida as a student this fall. Both his mother and I are very proud of this young fellow. We stopped calling him by his Vietnamese name a long time ago — I could never pronounce it anyway. Dan is a lot simpler. We are all in for a big change when he goes off to Tampa this fall. I'll have to get used to cutting the grass again. He is a great baby sitter and his little sister will miss him greatly. We put in a ceiling fan recently. He started the job and I finished it up, little things like that. While he was in school, he was never a great athlete (although he did make a stab at cross country this year) nor was he a member of the National Honor Society (though he did make the honor roll on occasion). If anything, he has proved that he is flexible and able to adjust to change. This should help him greatly as he goes forward with the rest of the Class of 1982 to make his way in the world. Like I said, I'm proud.

LET'S KEEP IT THAT WAY! July 4th is the church's opportunity to promote patriotism, revel in our freedom of religion, and encourage faithful church attendance in our community. outs per year is not known to the Chamber of Commerce due to the fact that records are only kept on the events that are planned at the Chamber office, but we do know that this group cooks for many more than we have recorded. This committee was originally organized to cook just for the non-profit and special events held by local citizens in the area, but their barbecue chicken has become such a delicacy that the demand for their services has grown to a point of being more than this group can manage in their spare time. The Chamber of Commerce commends this group of men that work many long hours without compensation for their hard work to help the people in our community. The Board of Directors would like to share these facts with our neighbors and let them know that a part of the "good old days" still exists in our community and Western Palm Beach County. James W. Jacks, President and Board of Directors of the Chamber of Commerce

Dear Editor:
The older citizens in our community often find time to reminisce about the "good old days" when neighbors would help each other just because they were concerned about the welfare of his neighbor...and we are very quick to say "those days are gone forever", but we are a very fortunate community, we still have citizens in our community that are helping others just because they care. This tradition is still being practiced by a group of citizens that make up a committee under the title of PORT COMMITTEE. The men that serve on this committee are business and professional men that have a family and a full-time work day in their own profession, yet they are willing to spend many hours of their spare time cooking for local non-profit organizations that need to raise funds to further their work in the community. The number of cook-

11 exceptional students visit Bahamas

BELLE GLADE—Eleven students from Gove Elementary Exceptional Child Center, three of them graduates, departed for a one-day cruise to Freeport, Grand Bahamas Friday, May 21, aboard the M/S Scandinavian Sun.

Mr. Doris S. Davis, the student's teacher said five chaperones and one parent accompanied the students.

The group arrived in Freeport at 2 p.m. Friday and spent three hours exploring and shopping at the 171 stores and craft markets at the International Bazaar.

Mrs. Davis said the group left for Freeport at 6 p.m. and arrived back in Miami at 12 a.m.

Mrs. Davis said on the trip over to Freeport the students swam aboard the ship, attended a dance-a-cise class, listened to music and explored the ship, watching the waves as they sped toward the island of Freeport.

The students dressed for dinner and went to the casino for some live entertainment and some last minute shopping aboard the ship.

Mrs. Davis said the trip was made possible by donations from Basore Florida, Inc., South Bay Growers, Inc., Teets and Haynes, Inc., and Sugar Cane Growers Co-op.

Elephant sales, sold pop-corn, cookies, candy tops, and had numerous school functions.

"Many thanks to all who made contributions to the project," said Mrs. Davis.

Chaperones on the trip along with Mrs. Davis were Joann Maddox, Earlyne R. Harrell, Charles Butts, Jr., Ross Nash and Lillia Worthly.

Airman completes basic

Airman Dennis L. Bradley, son of James E. and Margaret J. Williams of 1150 Palm Beach Road, South Bay, has completed Air Force basic training at Lackland Air Force Base, Texas.

The airman, who is remaining at Lackland for specialized training in the security police field, studied the Air Force mission, organization and

customs and received special instruction in human relations.

Completion of this training earned the individual credits toward an associate degree in applied science through the Community College of the Air Force.

Bradley is a 1981 graduate of Glades Central High School, Belle Glade.

Summer camps for retarded announced

BELLE GLADE—The Palm Beach County Department of Parks and Recreation in co-sponsorship with Palm Beach County Association for Retarded Citizens is pleased to announce the initiation of five special day camps this summer.

Major funding for these camps is being provided by a grant from the U.S. Department of Education, Rehabilitation Services Administration and Palm Beach County Association for Retarded Citizens.

In the Glades, the camp will be held at Lake Shore Park. These day camps are for mentally handicapped children and teens, ages 7 through 18. The day camps will operate for eight weeks, June 21 through August 13, 10 a.m. till 3 p.m., Monday through Friday. There is no fee for these day camps.

Parents will be expected to provide transportation and lunch for their children.

The goals of the program will include the provision of equal recreation opportunities, fostering social interaction and improving or maintaining physical and/or mental health through therapeutic activities.

Individual assessments will be completed in the areas of sensory-motor skills, sequential motor skills, socialization skills, self-help skills and attitudinal and value

Sickle Cell banquet set

BELLE GLADE—The El Dorado Civic Club will sponsor its 5th annual Sickle Cell Anemia Banquet Saturday at 7 p.m. at the Belle Glade Country Club.

Dr. Gerald V. Williams, executive director of the New Orleans Sickle Cell Anemia Foundation and a Clinical Instructor in Community Psychiatry, Department of Psychiatry at LSU Medical Center will be the keynote speaker.

Also in attendance will be Martin Rainey, president of Florida State Sickle Cell Anemia Foundations

and an administrator in St. Petersburg.

Mrs. Vivian Byrd, program chairman said an interesting program has been planned by the El Dorado Civic

Club.

Dinner will be served and a social hour with music will be held from 11 p.m. to 2 a.m.

Mrs. Byrd said tickets are still available and reservations for the banquet can be made by contacting any member of the El Dorado Civic Club.

She also said persons planning to attend the banquet are asked to please have their tickets available to present at the door.

Proceeds from the banquet are used to continue research on Sickle Cell Anemia and to educate the general public on sickle cell anemia.

Mrs. Eva Mack of

West Palm Beach is president of the Palm Beach County Sickle Cell Anemia Foundation and Mrs. Byrd is vice-president of the organization and business manager for the El Dorado Civic Club.

Forestry camps

The Florida Division of Forestry would like to extend an invitation to area youth to attend its 1982 Summer Environmental Program.

Students will spend a week exploring some of Florida's most scenic and wild settings in either the Blackwater River or Withlacoochee State Forests. The week is packed with educational and fun activities at the two environmental centers.

For additional information contact Ed Isenhour, Palm Beach County Forester at 964-4420, or write Environmental Forester, Florida Division of Forestry, Collins Building, Tallahassee, 32301.

EVERGLADES
PRESBYTERIAN
CHURCH

This Sunday is the seventh after Easter and it is Pentecost. It was one of the major feasts of the Jews. After the resurrection and ascension of our Lord it became the day of the awakened church of Jesus Christ.

Pentecost, or Whitsunday, is celebrated as the day that the Holy Spirit came upon the disciples at Jerusalem. The followers of Christ broke the bonds of the narrowness of Palestine and moved into the World.

Just before Jesus ascended into heaven he said, "...but you shall receive power when the Holy Spirit has come upon you; and you shall be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth." (Acts 1:8).

During the feast of Pentecost the city of Jerusalem was crowded with Jews. The Holy Spirit came upon the disciples like the rush of a mighty wind. So great and strange was the coming that it attracted the attention of the pilgrims.

The disciples were given the power to speak the languages of the visitors, so that they could communicate the greatest message of all time, the Gospel of Jesus Christ. Peter said to them, "Repent and be baptized every one of you in the name of Jesus Christ for the forgiveness of your sins; and you shall receive the gift of the Holy Spirit." (Acts 2:37, 38).

The coming of the Holy Spirit was to bring people the remembrance of Jesus, to draw people to Christ, and to counsel the people in a powerful way.

Jesus said, "...but the Counselor, the Holy Spirit, whom the Father will send in my name, he will teach you all things, and bring to your remembrance all that I have said to you." (John 14:26). Time and time again the people of God need to be reminded of what our Lord says to us. It is so easy to forget.

His first command was to love as He loved. His was an unconditional, unlimited, self-giving love. "Greater love has no man than this, that he lay down his life for his friends."

"This commandment I give, that you love one another as I have loved you." "The first fruit of the Spirit is love. Paul says if you don't have love, you are empty."

The Holy Spirit draws you together with Christ, because he convinces you of your need of His strength. He imparts the love of God, and hope does not disappoint us, because God's love has been poured into our hearts through the Holy Spirit which has been given to us. While we were yet helpless Christ died for the ungodly. (Romans 5:5, 6).

The Holy Spirit guides you and the followers of Christ. "When the Spirit of truth comes he will guide you into all truth; for he will not speak on his own authority, but whatever he hears he will speak, and he will declare to you the things that are to come." (John 16:13).

Through the guidance and counsel of the Holy Spirit you know what is right and you have the joy of life that Christ made available for you.

At this time when hatred and fear is rampant and life is cheap, you can find hope only in the love of Christ real to you through the Holy Spirit. Pentecost is the time of the coming of the Holy Spirit. Let yourself be a channel of God's Holy Spirit to all those about you!

PAHOKEE—Pahokee Elementary will be holding its third annual olympics the week of May 24-May 28.

Each grade will represent a continent that competes for first, second and third place ribbons in various track and field events.

Monday was Kindergarten's day representing Europe. Tuesday, first graders represented Africa. Wednesday was second grade representing Asia and end today will be third grade representing Asia. Friday, May 28, the fourth grade will have their chance and they will be representing South America.

The children will dress in the colors of the flags of the individual countries, within the continents. Each classroom will also make and carry the flag of the country which they are representing.

Carter beats Glades Gen.

By JEFF BROWN
BELLE GLADE - Carter Chevrolet, followed the pace set by pitcher Curt Barton and put together a team performance to shut-out Glades General 6-0 Tuesday, May 18.

Barton held the Glades General team to nine hits and preserved his shut-out despite a three hit threat in the seventh inning.

Chuck Hager tried to get things rolling in the first for the visiting Glades General team with a one out hit. He advanced to second on a base hit off the bat of Raul Paez.

Ron Pittman flew out to left and Angel Alave tapped a grounder to Barton to get Carter out of the inning.

Earl Wingate and Pete Rodriguez led off the bottom half of the first with back to back singles. But when they picked up two quick outs on flies to left and right center, it looked like Glades General was going to turn the tables on Carter and escape unscathed.

But with two out, pitcher Barton came to the plate and knocked a run in with a base hit, giving his team the early lead.

Mitch Crisman reached base on an error, advancing Barton to second and scoring Rodriguez before Rigo Ruiz flew to left center for the last out of the inning.

Both teams failed to score in the second, but the Carter team added another run in the third when Wingate was knocked in on a one-out base hit by Alan Sullivan.

Crissman led-off the Carter Chevrolet fourth inning with a double and Ruiz batted him to third on a fly to right center. Crissman made the score 4-0 on a Bill Anderson base hit.

Joe Mata retired Carter Chevrolet in order in the fifth, but gave up two runs in the sixth when Sullivan and Barton were knocked in by Crissman and Ruiz respectively.

Barton faced only three batters in the fourth, fifth and sixth innings, but fell into a little trouble in the seventh when Raul Paez led off with a single.

Pittman flew out to left field to advance Paez to second.

He could have been the only Glades General runner to get past second, but he was on his way to third when a grounder by Alave when the ball hit him and he was called out for interference.

Carlos Rosario jumped on Barton for a base hit to put runners on first and second with two outs.

Cecilio Rodriguez dropped a pitch in shallow center field for his second hit of the night, but the confusion that resulted afterwards saw second baseman Sullivan throw out Alave at home to end the game.

In other action, the All-Stars beat Carter Chevrolet 12-10 on a seventh inning two-run homer by Adam Ford Monday, May 17.

Quaker Oats beat Theo's 11-6, Mace Sod smashed Bobby Conipe 20-7 and Seminole Supply came out on top of Everglades Farm Equipment 6-3.

Tuesday saw the All Stars beat Okeelanta 18-14, Duda edge Ag Service 5-4 and E.F.E. beat Quaker Oats 15-10.

The All-Stars picked up their first loss of the season Wednesday when Glades Sugar beat them 11-7. Bobby Conipe lost to Carter Chevrolet 8-4; Seminole Supply continued to win beating Duda 10-6 and Theo's edged Ag Service 9-3.

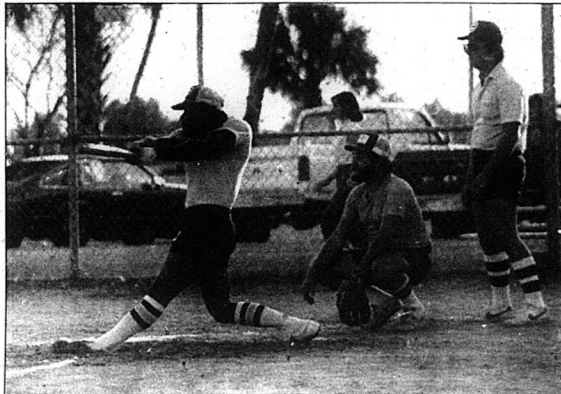

Quaker Oats beat Theo's 11-6, Mace Sod 14-11 and Theo's snapped the Seminole Supply Oldtimers three game winning streak 8-2.

Glades Sugar, at 4-0, is undefeated and sits atop the A Division. Theo's, at 3-0, is in first in the B Division.

Tonight, Carter Chevrolet (2-2) takes on Mace Sod (2-1) and Bobby Conipe (0-4) meets Glades General (0-2). Glades Sugar (4-0) plays Okeelanta (1-2).

The only B Division game scheduled is between

Everglades Farm Equipment (2-1) and Ag Service (0-3). All games are played at Airport Park and start at 7:15 and 8:30.

GLADES GENERAL'S Cecilio Rodriguez picked up two hits, but his team was shut-out 6-0.

Plant clinic scheduled

A plant clinic will be conducted by Gene Joyner, Urban Horticulturist, Palm Beach County Cooperative Extension Service, at the Glades agricultural office, 2979 North 441, Belle Glade) on Friday, June 4, from 11 a.m. to 12 noon.

Many people have problems with various plants in their landscapes and need help in diagnosing what the problem is and how to correct it. This plant clinic is set up for the purpose of allowing the public to bring in any problems that are having with their trees, shrubbery, or lawns, and an agent will be available to look at the samples and diagnose the problem.

Bulletins on various subjects are also

available at the agricultural Extension office and those attending the plant clinic are certainly encourage to pick up bulletins of interest to them.

Persons who are unable to come to the agricultural office during the clinic hour may call in plant problems to 996-1655 and Gene Joyner will try to

answer your questions over the phone.

This free clinic is not a formal class or lecture and is conducted on a very informal basis. Anyone having plant problems is encouraged to attend.

All meetings are open to anyone regardless of race, color, sex, or national origin.

Gove receives award

BELLE GLADE-Gove Elementary School became the first school in the West Area to receive the Gold and Silver award presented by Education Commissioner Ralph Turlington.

The award was presented for excellence in Gove's volunteer program.

Vanda Williamson made the presentation on Wednesday, May 19 at the Palm Beach County School Board meeting held in the Winona Jordan Board room, county school offices.

Mrs. Elizabeth B. Farrar, Title I Reading Teacher at Gove, accepted the award for Gove Elementary at the recent board meeting.

The award is given annually to schools which have twice as many volunteers in instructional hours as the number of students enrolled.

Volunteers give in-

dividualized reading instructions under the supervision of the teacher.

Players of the week

BELLE GLADE - Two outfielders used their offensive power to lead their teams to victories last week, and earn the player of week honors.

The All Stars' Adam Ford smashed three homers last week, including a two-run, seventh inning blast to lift the All Stars over Carter Chevrolet Monday, May 17.

Ford also hit another homer and went three for four at bats in that game.

On the week, he went seven for 11. Against Okeelanta, he went two for three and sent another over the fences Tuesday.

Wednesday he batted .500, going two for four, including a triple.

Doney, the Everglades Farm Equipment right fielder, went six for nine last week, in large part due to a five for five game against Quaker Oats in which he batted in four runs.

GLADES PLAZA 1504 S.W. Ave. E BELLE GLADE 996-4454 OPENS JUNE 1

1984 forecast for sewer upgrade

By JEFF BROWN
BELLE GLADE—The city's waste improvements to the city's waste treatment plant, which is to be completed by August 1984, according to representatives from the engineering firm designing the project.

The city commission Monday night, May 24, authorized the Ormand Beach engineering firm of Briley, Wild and Associates, Inc., to begin designing an oxidation ditch type sludge processing plant for the city at a total estimated cost of \$4,130,000. Four and a half to five percent of that cost will be in design fees, according to Robert A. Elefritz, assistant to the Director of Engineering for Briley, Wild.

Elefritz told the city commissioners that he was recommending the oxidation ditch type process over four other processes because of the cost and the ease to operate and maintain.

Another consideration in recom-

mending it was the expected ease in obtaining permission to operate a surface water discharge plant.

According to Harry E. Wild, Jr., president of the engineering firm, the city can save \$3 million if it doesn't have to dig a well for the deep well injection process.

"We feel that this is probably our best shot at surface water discharge," said Wild.

The oxidation ditch process was one of five processes examined by the engineering firm. The other four processes examined were contact stabilization package plants, trickling filter/solids contact plants, rotation biological contact plants and aerated lagoons.

Elefritz said the company was recommending the oxidation ditch plant because:

- It is simple to operate.
- It is tolerant of fluctuating flows.
- It is relatively inexpensive to construct.

- No separate digester is needed.
- It removes 90 percent of solids.
- It is easy to expand.

"We feel very confident that this type of system would serve you well," said Elefritz, adding that he anticipates surface water discharge approval from the federal government.

He urged the city commission to push for the exemption allowing it to operate the surface water discharge plant and to complete financing arrangements for the project.

Elefritz also told the commissioners in attendance, Mayor Thomas L. Altman, and Commissioners George Goforth, Claude Tindall and Charles Goodlett, that the model water plant was running very well. "We've been very pleased with it," he said.

The city commission and major water users were invited to tour the facilities June 9, at 10:30 a.m.

In other business, the commission named seven people to the Black Gold Jubilee committee and re-appointed Goforth as the city's representative on the committee.

Earnie McCroan was re-appointed to a full term.

John Pitts, Randy Joe Cruz, Dave Campbell, Jill Wright, Israel Baez and Bob Carlson were appointed to fill vacancies created by the departure of six committee members.

The six members who had left the committee are Dean Jones, Dave Evans, Mary Orsenigo, Larry Tucker, Ernest McCroan, W.C. Taylor, Jr. and Roger Williams.

TV DIALOGUE

RENT-A-WARS — I've heard that you can now buy greens. While she'll play the "Star Wars" on videocassette, mother in a mixed-up house-bought of the stores have is that I've called. Is this just a rumor? If not, where can I buy a copy?
Lucasfilm Ltd. is licensing the number one money-maker to 20th Century-Fox Video for a three-month period under a rental-only agreement. That means you'll have three months within which to rent the film on a day-to-day basis, but you can't buy it — Lucas knows better than to sell the goose that lays the golden eggs. May 17 is the tentative date set for its release to stores.

Mark Hamill in 'Star Wars'

BACK AT WORK — Can you tell me what's become of David Birney who has done several made-for-TV movies and played Serpico in the brief TV series of a few seasons back?
Both Birney and his wife, Meredith Baxter Birney, are working on NBC series this season. He's set to star in "St. Elsewhere," described as

"Hill Street Blues" in hospital 40s generation parents and their 80s conservative kids).

Gloria Banks

JOHNNY WORTHEN — Johnny is the son of Mercedes Worthen and Sarah Edwards of Pahokee. He attends New Macedonia Baptist Church. He plans to get a job this summer and in the fall to enter the Army to take up a career in computer technology.

SOAP SCOOP

"Hospital" discharges cast members

By Nancy M. Reichardt
Two west coast soaps are making some cast changes. First off, actress Susan Parry (Alli Logan), Dawson (Mel), Martin (E. Brooks), Arthur (Bradshaw) and Philip (Tanzini/Jeremy Hewitt) are leaving the cast of "General Hospital." Incidentally, Susan is expected to appear in a new movie, "The Untouchables."
"Days of Our Lives" viewers who grieved the loss of Josh Taylor, as Chris Kostaschek, will have reason to rejoice come June when the attractive actor rejoins the cast.
Another change on "Days of Our Lives" is the departure of Dr. Faber. Dr. Faber-Smith has exited for the second time after being back with the show just a few months. "Days" is now being scripted by the dialogue writers who worked with Ma. Faber-Smith, as there is no reason to hope no drastic change in cast or storylines will result.
From their casting departments, Debbie Goodrich has been chosen to portray Silver Kane, Eric's half sister on "All My Children" and Jack Rambone is portraying Stephen Jacob, who will figure in the Palmer/Crill/Nina storyline.
Jeff Fabry has joined the cast of "One Life to Live" (as Gary Salkin), while "Good Morning America" resident critic, Joe Siegel, had a great time doing a recent cameo on "One Life."
Damon Scheller may be making his soap opera debut
